1. I am a barrister at law and solicitor of the Superior Court of Ontario licensed by The Law Society of Upper Canada to practice law in the Province of Ontario.
2. I represented Andrew I. Lazarovits, M.D. from 1991 until his death on January 29, 1999.
3. Dr. Lazarovits maintained records of his professional activities, including records of requests for biological materials in his possession and records of materials that were distributed in response to such requests. Following Dr. Lazarovits' death, his records were given either to me for safe keeping or to his widow.
4. I am familiar with Dr. Lazarovits' method of record keeping and conducted a search of the records that were given to me and those that were given to his widow.
5. In my review of Dr. Lazarovits' records, I found no indication that Dr. Lazarovits distributed samples of the Act-1 hybridoma cell line.
